## **A Powerful and Moving Memoir**

*Scarlet Ribbons* is a powerful and moving memoir by a priest who was diagnosed with AIDS. This book offers a unique perspective on the disease and its impact on both the individual and the community.

Father Mychal Judge was a Franciscan priest who served as the chaplain to the New York City Fire Department. In 1987, he was diagnosed with AIDS. At the time, there was little hope for people with AIDS, and Judge was given only a few months to live.

But Judge refused to give up. He continued to live his life to the fullest, and he used his platform as a priest to speak out about AIDS and to fight for the rights of people with the disease.

*Scarlet Ribbons* is a deeply personal account of Judge's journey with AIDS. It is a story of pain, suffering, and loss. But it is also a story of hope, courage, and love.

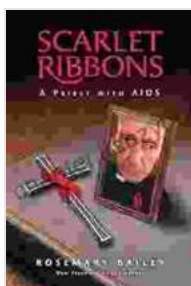

Judge's story is a reminder that AIDS is not a death sentence. It is a disease that can be managed, and people with AIDS can live long and fulfilling lives.

*Scarlet Ribbons* is a must-read for anyone who wants to learn more about AIDS and its impact on the human experience.
